ELECTION ECHOES.

Warwick Will Succeed Congressman McKinley.

HE HAS A MAJORITY OF 220.

Official Returns All in Except Two Precincts in Stark County, and They Have Been Unofficially Returned - Returns from Other Places.

COLUMBUS, O., Nov. 7.—The latest election returns received from the McKinley district indicate that John G. Warwick has been elected by a small majority over Congressman McKinley. All but two precincts in Stark county give McKinley a majority of 760. Holmes gives 1090 and Wayne 375 for Warwick, and Medina 1974 for McKinley.

With official returns from Wayne, Holmes and Medina counties and complete unofficial returns from Stark county, Warwick's majority over McKinley is 220.

The Republican state committee still claim the election of Poorman, Republican, in the Seventeenth district.

ILLINOIS.
SPRINGFIELD, Ill., Nov. 7.—Gen. Palmer received a telegram from Carthage saying that Edwards and Myers, two Democrats, are shown by the official count, to have been elected to the legislature. Gen. Palmer on reading this dispatch, said: "This makes 103 Democrats on joint ballot a majority of 1." The 103, the general explained, included the F. M. B. A. men, all three of whom he claimed, were pledged to his support on the ballot for United States senator.

Chairman Jones, of the Republican state central committee, concedes the legislature to the Democrats, but claims the election of the Republican state ticket by majorities from 6,000 to 8,000. The Democratic state central committee is unwilling to concede the claims of Mr. Jones in regard to the state ticket so long as returns come in from southern Illinois counties, showing heavy Democratic gains. Official returns from twenty-seven counties out of 102 in the state show a net gain of over 10,000 for the Democratic state ticket.

MINNEAPOLIS, Nov. 7.—Sixty-six counties, according to the returns, give Merriam, Republican, for governor, 74,969 votes; Wilson, Democrat, 70,243, and Owne, Alliance, 48,244; Merriam's plurality, 3,326. Fifteen counties are yet to be heard from. Castle, Democrat, is elected in the Fourth congressional district by 3,953 plurality over Snyder, Republican. Lind, Republican, is elected over Baker, Democrat, in the Second by 1,000 plurality. Harris, Democrat, has 1,757 plurality over Dummell, Republican, in the First district. In the Third district O. M. Hall, Democrat, has a small majority over D. Shall, Republican. The Fifth district is in doubt. The balance of the power in the legislature will probably be held by the Alliance.

CHICAGO, Nov. 6.—The police returns give Frank Lawler, Democratic candidate for sheriff, a majority of 2,536 in the city. The county towns give Gilbert, Republican, a majority of 3,294. If the police returns are correct, Gilbert is elected sheriff by a majority of 758. The Republicans also elect the county clerk, a superior court judge and the superintendent of schools. The Democrats elected the treasurer, the appellate court clerk, the probate court clerk, the criminal court clerk, the county judge and a superior court judge. The Republicans have a majority of commissioners which was last year controlled by the Republicans.

MICHIGAN.
DETROIT, Mich., Nov. 7.—The whole Democratic state ticket is believed to be elected by from 6,000 to 15,000 plurality. The Democrats have also a majority in the legislature by about 3 majority in the senate and by some 15 in the house on fusion vote with the patrons of industry, who hold the balance of power. The First, Second, Fifth, Sixth, Seventh, Eighth and Tenth congressional districts have gone Democratic, and the Third, Fourth, Ninth and Eleventh Republican. The vote in the Eighth is very close, and may require the official count, but present returns give it to the Democrats by about 80 votes.

NEW HAMPSHIRE.
CONCORD, N. H., Nov. 7.—Returns from all but nine small towns give Tuttle, Republican, for governor, 40,858; Amsden 40,000, Fletcher, Prohibitionist, 2,272.

Republicans claim 10 to 12 majority in the house; and the Democrats claim from 2 to 10. Result will hinge upon the question of admission of members elected under the new census apportionment and "classed towns" where population has decreased. A good deal depends upon the course taken by the Republican clerk of the last house, who makes up the roll.

KANSAS.
KANSAS CITY, Nov. 7.—The returns received from Kansas do not change the situation materially as announced heretofore. The only positive change is the certain election of Broderick, Republican, over Moonlight, Democrat, in the First congressional district. This will make the Kansas delegation stand: Republicans two, Farmers' Alliance five.

The state ticket is still in doubt with chances favoring the Farmers' Alliance.

IOWA.
DES MOINES, Iowa, Nov. 7.—McFarland, Republican, has a plurality of 2,183 according to nearly complete unofficial returns. McFarland leads and the rest of the state ticket is therefore probably divided. Henderson, Republican, is elected to congress in the Third district by a majority of 272, and Flick in the Eighth by a majority of 323. The delegation to congress will stand five Democrats and six Republicans.

TWO REPUBLICANS IN KENTUCKY.
WINCHESTER, Ky., Nov. 7.—Returns from the mountain counties, in the Tenth district, elect Hill, Republican, to congress over Kendall, Democrat. The cause for this is general dissatisfaction in the Democratic party because of the nomination of Kendall. This, with the Eleventh district Republican, makes two congressmen of that party in the state.

ARKANSAS.
LITTLE ROCK, Ark., Nov. 7.—Unofficial returns from the fifteen counties in the Second congressional district give Breckinridge, Democrat, a vote of 5,164 and Langley, Republican, 4,692. Breckinridge's majority is 502 and any changes that may be made will be in his favor. The election of Cate in the First district is generally conceded. Arkansas will send a solid Democratic delegation to congress.

INDIANA.
INDIANAPOLIS, Nov. 7.—Half the townships in the state in their returns, show an average Democratic gain of twenty to the township. This will make the state Democratic by about 20,000. The Democrats elect eleven out of thirteen congressmen. The legislature will be Democratic on joint ballot by 69.

CALIFORNIA.
SAN FRANCISCO, Nov. 7.—The returns from 1,114 precincts in California, including 173 precincts in this city, give Markham, Republican, for governor, 10,134 plurality. This constitutes the returns from more than one-half the precincts of the state.

NEBRASKA.
OMAHA, Nov. 7.—Boyd, Democrat, is elected governor by 4,000 to 5,000 plurality. Most of the Republican state ticket below the governor is elected. The Farmers' Alliance have the legislature and two congressmen and most of the county offices.

THE NEXT CONGRESS.
NEW YORK, Nov. 7.—The morning papers' estimate of the complexion of the next house vary considerably. The Times estimates the majority of the Democrats at 151. The Herald makes it 121, The World 141, The Sun 154, and The Tribune 60.

SOUTH DAKOTA.
MINNEAPOLIS, Nov. 7.—Latest returns from South Dakota show that the result is an Alliance victory and that Loucks has been elected governor. The legislature will also be Alliance, thus insuring the defeat of Senator Moody.

ILLINOIS' NEXT SENATOR.
CHICAGO, Nov. 7.—Judging from the latest returns Senator Farwell says he will not be the next senator from Illinois, but that John M. Palmer will succeed to those honors.

SUICIDING BY STARVATION.
A Rather Romantic Love Story With a Sad Sequel.

BOSTON, Nov. 7.—A young Polish woman is dying in Boston on account of faithlessness of her lover. For two weeks past she has refused to take nourishment. She says she is determined to starve herself to death. She is Evelina Rinciswiew. When she came from Poland two years ago, she had just turned 20 years. She found employment at several places. Her father was a farmer, and she was raised in Poland. One day a young man rode out from Warsaw and met Evelina. This had been prearranged by the parents. His father was a wool dealer and hers a wool grower. They were friends, and fixed up a scheme to unite the families. The young people were agreeable. Their course of true love ran smoothly until three years ago. Then the lover decided to try his fortune in America. He settled in a little town in Illinois and began to study medicine, working in a store a part of the year to secure enough money to pay for his education, his father sending more or less, as the condition of his business warranted.

A year after her lover left Warsaw Evelina decided to leave too. She longed to see him, and the only way she could do so was to come to Boston, where some of her father's friends were, and secure work, as her parents were unable to support her away from them. She had rather a vague idea of distances in the United States. At any rate she would be nearer her lover than if she stayed in Warsaw. So she came, and for two years she lived in the hope that some day they would be married. The couple corresponded constantly. Last June she received a final letter from Illinois. When she read it in the dining room she fell to the floor in a dead faint.

The letter was the deathblow to the young woman's hopes. For six weeks the girl kept at work, although her friends could see that she was gradually pining away. Then she gave up and was compelled to take to her bed, where night after night she prayed that death might release her from her sufferings. The release did not come, however, and two weeks ago she announced to her attendant that she was going to starve herself to death. Since then her physician has been unable to induce her to take food, and slowly her life is ebbing away.

WASHINGTON, Ind., Nov. 7.—Adrian McCracken and James Hopkins, young farmers, quarreled, and Hopkins shot McCracken through the heart.

A TOWN ON FIRE.

Conflagration Raging in Owensboro, Kentucky.

FIRE DEPARTMENT HELPLESS.

Assistance Asked from Evansville and Henderson—Total Destruction Feared. A Big Fire in Philadelphia—Various Other Fire Losses.

OWENSBORO, Ky., Nov. 7.—A fire started about midnight in the basement of the Rudd house which was totally destroyed. The fire then rapidly spread to The Messenger newspaper and job office, A. J. Wodley's fine store building and D. A. Evans' livery stable. It is unknown at this hour where it will stop. All the hose of the fire department has burst and the fire department is perfectly helpless.

Telegrams have been sent to Evansville and Henderson asking for assistance. William H. Hahn jumped from the third story window of the Rudd house and is fatally injured. There is a strong wind and the hopes of saving any business portions of the town are small.

Big Fire in Philadelphia.

PHILADELPHIA, Nov. 7.—Fire last night destroyed the Philadelphia Cooperative company's building, 907 to 971 Osgood street, the three story building adjoining, occupied by P. C. Thompson as a soap factory on Swanson street, also a building used as a spice mill, by Mr. Thompson. The storage warehouse, corner Swanson street and Washington avenue, owned by the Pennsylvania Railroad company, was burned with its contents. The Snowden hotel, adjoining the warehouse, was badly scorched, and a number of dwelling houses, owned by Mr. Thompson, were damaged by fire and water. Total loss \$185,000, covered by insurance.

The Buffalo Blaze.

BUFFALO, N. Y., Nov. 7.—The fire in the elevator district was confined to the C. J. Wells grain elevator, together with 350,000 bushels of grain, an adjoining malt house, with its contents, a train of freight cars on a side track in close proximity and several warehouses. A fireman was badly hurt by a flying piece of corrugated iron sheeting, and several persons had narrow escapes, but no one was killed. The total loss will probably reach \$500,000.

BIG BLAZE IN DENVER.

Starts in a Lumber Yard and Spreading Does \$100,000 Damage.

DENVER, Nov. 7.—Fire started in the rear of M. I. Todd's lumber yard on Ninth and Laramie streets, at 11 o'clock, Wednesday night, and notwithstanding the efforts of the fire department, which was promptly on hand, the flames had spread nearly all over the yard before the water could be turned on. The flames quickly passed to the St. Elmo hotel, Meyers' Liquor company and O'Leary's drug store, while a number of small residences just across the ally were given up to the flames.

The entire block between Ninth and Tenth streets and Laramie and Market was destroyed. One unknown man was burned to death in the hotel. It was reported that another man and two children were caught in the same building and burned to death. The truth of this rumor will not be known until the inmates of the hotel are accounted for. The cause of the fire is not known. The loss could not be estimated Wednesday night, but will probably be over \$100,000.

AT TRUCKEE, CAL.

Business Portion of the Town Destroyed.

Incendiary.
TRUCKEE, Cal., Nov. 7.—A most disastrous fire broke out here shortly after midnight Wednesday night, and, as the wind was blowing a hurricane, the flames were soon beyond control.

The fire was started in the rear of Stoll's brewery by a man who was seen running away from the place soon after the flames broke out. The brewery and a half dozen other buildings were soon burning.

Citizens fought the flames with great determination; a fire train from Summit gave assistance, but the efforts were of no avail. East Main street was in ashes, and all its frame buildings on Front street were burning. Nearly forty buildings, including the business portion of the town, had been destroyed by 2 o'clock Thursday morning, and the residence portion also seemed doomed. A light snow was falling, but it had no effect on the flames.

OCEAN RACER.

A Vessel Launched That Will Revolutionize Ship Building.

BALTIMORE, Nov. 7.—Two thousand persons cheered the reputed world beater "Howard Cassard," as she was successfully launched at Locust Point yesterday. The ways spread and broke as the vessel went off, which momentarily shifted her temporary ballast. She was immediately righted but not before having, partly at least, proven the assertion that she cannot be capsized. It is claimed that this iron steamship, which is constructed on the Fryer plan, for the Arrow steamship company is capable of making thirty-five miles an hour and will revolutionize ship building.

Her debut certainly marks an important epoch in marine architecture, and the best marine engineers predict perfect success for the new craft. The vessel is also claimed to be fire-proof and unsinkable. She is magnificently appointed throughout and will carry no freight.

CATTLE MAN SHOT.

A Sensational Tragedy Takes Place in a Kansas City Hotel.

KANSAS CITY, Nov. 7.—David H. Greever, the well known cattle man, was shot and fatally wounded yesterday afternoon by Charles Clifford, an ex-pugilist from San Francisco, and at present a salesman from New York. Clifford and his wife have been living at the Hotel Andrews for some time. In returning to his room after a short absence yesterday afternoon Clifford found the door locked and Greever inside.

After Clifford had effected an entrance to the room through a window, Greever opened the door and ran down the hallway. Clifford followed and shot him twice in the side, each wound being sufficient to cause death. In an ante-mortem statement Greever says the woman invited him into the room. He went in when the husband appeared with a revolver, telling him to hold up his hands. He refused and started for the door, when Clifford shot him. Greever is an extensive ranch owner in Texas and is worth about \$100,000. Clifford has been arrested.

MURDER ON A TRAIN.

A Defeated Candidate Resorts to a Gun to Get Revenge.

SEDALIA, Mo., Nov. 7.—Col. Thomas B. Price, president of The Gazette Printing company, of this city, was shot and mortally wounded yesterday afternoon by Judge John Higgins, of Pitts county court, while en route to their respective homes on a Missouri Pacific train. Higgins was a candidate for re-nomination on the Democratic ticket as judge of the county court, and was opposed by Price. Higgins was defeated, and since then he has entertained a bitter feeling against Price.

Exactly what led to the trouble is not known, but Price received an abdominal wound which is almost certain to result fatally. Higgins surrendered to the authorities at Houstonia, and last night Sheriff Smith received a telegram to come after the prisoner at once, as fears of lynching were entertained.

Saved by a Dog.

SPRINGFIELD, O., Nov. 7.—John Sheensmidt, local sportsman, at the invitation of Daniel Baker, went out to hunt on the latter's farm. He had tramped around for sometime and when on a small knot was astonished to find ground beneath him sinking. He did not have time to regain solid ground and fell about eighteen feet, when he struck the bottom of the cave, about fifteen feet. He hollered for help until exhausted and spent the day in his prison. A passing dog heard his cries, finally, and by its strange demonstrations got neighbors out and the man was rescued.

A Fighting Doctor.

ASHLAND, O., Nov. 7.—County Infirmary director Christ Boyd and Dr. D. S. Samsell Jr., became engaged in a warm conversation concerning the management of the county infirmary. The conversation was abruptly ended by Dr. Samsell striking Mr. Boyd on the head several times with a heavy cane. The blows felled Boyd and broke the cane. Samsell voluntarily pleaded guilty before the mayor to assault and battery, but Boyd swore out a warrant before Justice Jones for assault with intent to kill.

Cornerstone Laid.

CHICAGO, Nov. 7.—The cornerstone of the magnificent temple to be erected at the corner of Randolph and State streets, was laid yesterday afternoon by Grand Master John M. Pearson, with the solemn and impressive ceremonies of the Masonic order. The ceremony of laying the cornerstone was preceded by a parade of local lodges in which 5,000 men participated. The temple when completed will be twenty stories high, and will be the largest building of the kind in the world.

Of Course It Is.

MADISON, Ind., Nov. 7.—The prohibition of cigarette smoking by the faculty of Hanover college has given ineffable. The village storekeepers have faithfully held to their agreement not to sell the noxious weeds, but the students have managed to have them smuggled in in laundry work, packages of clothing, etc., and the vice is still as prevalent as before its prohibition.

Gave Signs of Life at His Funeral.

PAOLI, Ind., Nov. 7.—On the night of Nov. 3, William Lambdin, aged 33, of this place, died suddenly of heart disease. The funeral was stopped two hours this afternoon until the doctor could make a thorough examination of the corpse, signs of returning life appearing.

Epidemic of Black Diphtheria.

FINDLAY, O., Nov. 7.—Black diphtheria is prevailing in an epidemic form in Cygnet, a village north of this city. The schools are all closed and business is practically suspended in that town. A number of deaths have occurred and many persons are leaving the place.

Robbed the Mail Car.

WOOSTER, O., Nov. 7.—Will Smith, mail carrier between New Pittsburg, Wayne county, and Lafayette, Ashland county, was held up by highwaymen last night and robbed of \$30. The men took nearly all his clothing, tied him to the seat and started the team.

Has a Cure for Consumption Also.

LONDON, Nov. 7.—Professor Schrotter, of Vienna, claims that he discovered, independently of Koch, a cure for consumption by the use of prussic acid. He will explain his method on Friday at a meeting of the society of physicians.

Provision Assignment.

BOSTON, Nov. 7.—W. G. Bell & Company, provisions, 53 Commercial street, had paper go to protest yesterday and have made an assignment. The liabilities are said to be heavy but the firm will make no statement.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
 Proprietors.
 FRIDAY, NOVEMBER 7, 1890

It is safe to bet that neither Reed nor McKinley will lead the G. O. P. in the fight for the Presidency in 1892.

That ordinance to prevent crowding about the polls is a most excellent law. The BULLETIN would like to see it applied to all elections.

MICHIGAN is all right. She elected a Democratic Governor and sends almost a solid delegation to Congress—only one Republican pulled through.

NO DANGER of the Republicans trying to organize the next House of Representatives. The Democratic majority is too large for the G. O. P. to monkey with.

A DEMOCRATIC U. S. Senator from New York, the first in twenty years, and a gain of six Congressmen. The people of the Empire State did grandly on the 4th, and are in line for '92.

It looks like the wrangling in the ranks of the Democracy of the Mt. Sterling district has resulted in the defeat of their nominee, J. Wick Kendall. Latest reports give the district to Hill.

It looks now like the Democrats will have control, not only of the House, but also of the U. S. Senate after the 4th of next March. It was a Democratic tidal wave that swept over the country this week.

PENSION COMMISSIONER RAUM hasn't heard the last from Congressman Cooper. Cooper is returned by a handsome majority, and he can be relied on to make Washington very uncomfortable for a number of Republican office-holders.

The people have expressed their opinion of Harrison and his administration, and it must be confessed by the most partisan Republican that the opinion is not at all favorable. The President may as well make up his mind to return to Indiana after 1892.

The Fleming Gazette was so overwhelmed by the election returns that it failed to inform its readers of the result. B other Nute must have been speechless when he heard of the great Democratic victory in New Hampshire, Massachusetts, New York, Pennsylvania, Indiana, Wisconsin, Michigan, Minnesota, Nebraska, Iowa, Illinois and elsewhere. And it was enough to make any Republican speechless.

The New York Herald is after Census Superintendent Porter with a hot poker. It now claims to have discovered important evidence showing that there was a conspiracy not to count all the inhabitants of that city, and that even after the count was made some of the schedules were destroyed. These charges are based upon the alleged confessions of some of the men that participated in the fraud, and on circumstantial evidence in corroboration of them.

There can be but little doubt that the census was conducted in the interest of the Republican party alone, and not in the interest of the people. Let the fraud be exposed.

EX-PRESIDENT CLEVELAND.

He Is Delighted With the Grand Victory His Party Has Won.

Ex-President Cleveland, in an interview with a reporter of the United Press on the results of the elections, said: "I am delighted. I challenge the right of any man in this country to rejoice more heartily than I over the grand victory. My gratification is that of an American, proud of his fellow-countrymen, who, though led away for a time by party prejudices and selfish leaders, could not be deluded to their ruin.

"They have demonstrated that, in dealing with them, it is not safe to calculate that they are stupid or heedless of the welfare of their countrymen. The necessity of tariff reform with its consequent reduction in the cost of living, and the duty of the Democratic party to advocate it, has been fully demonstrated by the action of the people. Their decision has been deliberately made, and it is all the more significant because they have proved that corruption is powerless as against their convictions.

"Of course there is nothing for the Democratic party to do but to push on the battle at all times and in all places on the lines which it has laid down; that is, to insist upon a wise adjustment of tariff taxation to the reasonable needs of the Government, as opposed to the plan which enriches a favored class at the expense of the masses of the people. Until victory is won the question of tariff reform will not be settled nor the pledges and professions of the Democratic party to the people redeemed.

"Our party has made an honest and earnest fight. It has planted itself upon

disinterested and unselfish devotion to the people. Its absolute unity and harmony upon the question of tariff reform shows its quick recognition of true Democratic principles and its enthusiasm in a cause which involves the popular welfare. Everywhere our people have done magnificently, and the harvest they have gathered has been nobly earned."

In answer to an inquiry as to his view on the operation of the ballot reform law, Mr. Cleveland said:

"I think there should be no more opposition to the principle of ballot reform. The evidence of its usefulness and benefit to the people I regard as conclusive. In some matters of detail the law in our State might, perhaps, be improved. It seems to me it would be well to obviate the necessity for so many separate ballots. But, after all, even this or other similar objections are not vitally important. The thing upon which every honest man should congratulate himself is that we have a law which protects our voters from corruption and intimidation, and is one of those measures of relief which, once adopted, will not be surrendered."

OFFICIAL RESULT.

The Count Gives Paynter 899 Majority in Mason County.

The official count of the vote of this county was completed yesterday. It gives Paynter a majority of 899 in Mason. Here are the figures:

PRECINCTS.	Paynter.	Bruce.
Maysville No. 1.....	401	268
Maysville No. 2.....	354	155
Dover.....	165	34

Acquitted. "We, the jury, find the defendant, John Marshall, not guilty."

Such is the verdict reported this morning. The arguments in the case were finished shortly after 4 o'clock yesterday afternoon.

The defendant is one of the three negroes charged with killing Simon Travis and placing the dead body on the C. & O. track to conceal the crime. The general opinion is that some one of the trio committed the murder, but it is difficult to make out a case, as the evidence is altogether circumstantial.

Notice to Churches and Preachers.

The pastors and officers of the various denominations in Maysville and Mason County are requested to take up a collection for the benefit of the American Bible Society during the month of November and report amount to Jas Smith, Treasurer, on or before Monday, December 1. By order of the board.

Mayor Ellis is the boss pension attorney in this country. It is a sure go when you put your claim in his hands. Be convinced by trying him a whack.

Campbell & McDaniel will move their meat establishment, and will run a grocery in conjunction with the old George Enis stand next to the Ohio Valley Mills.

John Mullen is undoubtedly one of the best boot and shoe makers in this section of the country. Leave your measure with him at Hull's shoe shop and be convinced.

W. H. Ellis, an orator of no mean eloquence, will shortly give an entertaining temperance lecture at Reckerville, Ky. He is smiling at you, William, and may success crown your efforts.

Orleans molasses interlarded with honey can aptly be termed a sweet mess. A high-tempered wife with blood in her eye a rolling pin in her hand is—well, it can be called the reverse.

The Greenback, the paper published at this place, is a long-felt want, and should be boosted to the top round of success. It is an oft-repeated question: "What is home without a mother? We ask: What is a town without a newspaper? An unknown quantity."

Hold your arms akimbo and pause at the Second street meat shop. You can find all kinds of meats, oysters, sardines, candies, raisins, cheese, crackers and a little of everything, topped off with cigars and tobacco. If seeing is believing, drop in and take a peep.

Election day was quietly observed here, the usual Democratic majority being polled, despite the desperate efforts of a few so-called Democrats trying to knife the Hon. J. M. Patterson. Such gentlemen should be remembered in the future, and emphatically sat down upon by the Democracy, if they offer for office.

"Squire Beasley is as lively as a cricket and can swing corners like a rattle at a country dance. Well, er-hem! Suppose you know the genial 'Squire will be before the dear public in the spring time or re-election to the office now held by him. Well, 'Squire, may you live to masticate the fowl that scratches over your grave.

At the last regular meeting of the Father Mathew's Total Abstinence Society the following resolutions were unanimously adopted:

WHEREAS, It has pleased the Father Almighty to remove from our midst by the relentless hand of death our esteemed brother, James W. Swift, who departed this life October 15, 1890, and

WHEREAS, The deceased was bound to us by the golden ties of brotherhood and had been for years a faithful member with us in the bright days of his activity, it seems fitting that we should give formal expression to our sorrow at his loss, therefore be it

Resolved, That the deceased was always faithful up to a generous disposition, a kind and loving husband, a staunch friend and a respected citizen, that we deeply mourn his loss, while we are yet mindful that what has been our loss may be to him eternal gain.

Is There Nothing New Under the Sun?

A leather Boot, absolutely water-proof and snow-proof, is a thing that would lay claim to such recognition. Were the assertion made that such a thing existed, doubt would arise on all hands and men would say:

Can This Thing Be?

For we have never seen a Boot made of leather that would actually turn both water and snow, and should there be such a thing we would regard it as a boon of great price. We claim to have just that thing; it is

The W. H. Means Waterproof Boot!

It is made on a plan altogether new, and different from anything ever seen in this or any other market. We warrant it to be all we claim for it. They are made of the very best oak-tanned whole stock, and we are selling them so low that every man can afford to have a pair.

As a Matter of Health

and comfort you should wear a pair of these Boots that will be a blessing to you through the wet and snow of the coming winter. Remember we warrant them, and will refund the money on every pair not coming up to our representations. Come and see us. We will save you money.

An ordinance to prevent the burning of wood, rags, paper, shavings or other trash on the streets and alleys was read and received. The rules were then suspended and it was passed. The penalty for violations of the ordinance is a fine of not less than \$1 nor more than \$5.

An appeal to the Mayor from the citizens of Leavenworth, Ind., for aid to help them in their present calamity was read. The town was recently visited by a disastrous fire.

John H. M. Mattox was granted permission to add another story to his residence on Front street, Fifth ward.

Messrs. W. B. Mathews and C. O. Dobyns were granted permission to move a frame cottage from Second street, near the bridge, to Bank street.

Mrs. Paul Crane was granted permission to build an addition to her house on Wood street.

Mr. Fitzgerald introduced the following ordinance.

An Ordinance to Prevent Crowding at the Polls or Voting Places, and Interfering with the Voters.

Be it ordained by the Board of Council of the City of Mayville, Ky., That it shall be unlawful for any person or persons, other than the person voting at the time, to stand or station himself or themselves nearer than thirty feet to the window, door or any open place used for the taking of votes, at any election for city officers.

Be it further ordained; That it shall be the duty of the inspectors, and the City Marshal and his deputies to report any person or persons violating this ordinance to the Mayor, who shall issue a warrant for the arrest of said person or persons for violating this ordinance, and upon conviction of any person or persons so offending, the Mayor shall impose a fine of less than \$5.00 or more than \$10.00, to be collected as other fines are collected.

Be it further ordained, That this ordinance shall take effect from and after its passage.

Mayville, Ky., Nov. 6th, 1890.

The ordinance was received and on motion the rules were suspended and it was passed.

Mr. Fitzgerald then introduced the following ordinance:

An Ordinance to Repeal an Ordinance to

Regulate the Police of the City of Mayville, Ky.

Be it ordained by the Board of Council of the City of Mayville, Ky., That an ordinance to regulate the police of the city of Mayville, Ky., passed December 8th, 1890, be and the same is hereby repealed.

Be it further ordained; That this ordinance shall take effect on January 1st, 1891.

The ordinance was received, and a motion was made to suspend the rules and pass it. The motion was lost, however, and the ordinance went over till next meeting for further action.

Mr. Fitzgerald stated that he had been informed there were several years' taxes due from the James G. White estate. He said he didn't know how true it was, but he thought it ought to be investigated. Mr. Wadsworth said there were other funds he thought ought to be on the tax list, especially the sale bonds in Master Commissioner Cole's hands. On motion Mr. Fitzgerald, Mr. Wood and City Attorney Newell were appointed to investigate the matter, and take necessary steps to collect any taxes that may be found due.

Mr. Kehoe wanted to know what action the Committee on Propositions and Grievances had taken on Carr & Tolle's petition to erect a cooper shop on Bridge street. Mr. Blatterman, Chairman of the committee, said nothing had been done, as the members had been too busy to meet. Mr. Wadsworth thought Council was not treating Messrs. Carr & Tolle right. The firm had been trying for three months to get permission to erect this building, and for one he wanted the matter settled. After a further discussion, Council refused to grant the committee further time. A majority and minority report were then made. The minority report, made by Mr. Rudy, favoring the petition, was adopted by a vote of six to five, and the permit to erect an iron-clad, in tal roof building was then granted by a vote six to five, Messrs. Wadsworth, Fitzgerald, Triplett, Kehoe, Fleming and Rudy voting yes and Messrs. Cox, Blatterman, Pecor, Salisbury and Wood no.

Mr. Fitzgerald read a statement showing that the cost of maintaining the station house, including interest on the value of the property, had averaged \$102.73 a month for the past nine months. Besides the expense, he thought it was no place to confine a lot of prisoners. There were schools just east, south and west of the station, and some of the finest residences in the city fronted on the street north of it. He was in favor of the city's selling the property at public auction and making arrangements to confine prisoners elsewhere. The matter was referred to the Committee on Public Buildings, to report at next meeting.

Some other matters were disposed of and Council then adjourned.

MINER'S MAXIMS

While the wisdom of being better late than never is quite apparent, much more obvious is the advisability of never being late.

Avoid mysteries.

To the inexperienced eye the religion of the man in the moon is not more mysterious than a pair of shoes. They may cover a multitude of manufacturers' sins, or they may be better than they seem.

Don't be shod in shoddy.

You can avoid it if you will.

Miner's sole rule is to misrepresent nothing, and so his sole rules. He does not know whether the man in the moon is an Atheist or a Mormon, but he does know all about shoes, and a pair never leaves his store under false pretenses.

His square-toed shoes are matched by square-toed statements, and his round-toed shoes are encircled by no round-about claims. One thing worth remembering: Whether you pay much or little at Miner's, you receive an equivalent larger in proportion to the amount invested than you can obtain anywhere else.

That's the important point.

AN EX-MAYOR SHOT.

William W. Cottrell, of Cedar Keys, Florida.

KILLED IN MONTGOMERY, ALA.

He Was the Man Who Terrorized the Federal Officials at Cedar Keys, Florida, and Caused a Gunboat to Be Sent to That Place About One Year Ago.

MONTGOMERY, Ala., Nov. 7.—Ex-Mayor Cottrell, of Cedar Keys, Fla., who, sometime ago, terrorized the Florida Federal officials and escaped to Alabama, a fugitive from justice, was shot in the head and instantly killed at 11 o'clock yesterday by Chief of Police Gerald, of this city.

The shooting occurred in front of the office of the chief of police. Cottrell was shot twice with a double-barreled shotgun, one lead taking effect in his body and the other through the face, entering on the left cheek and passing out through the eye, tearing the eye ball out. Cottrell had been in the city several days and was drinking. Wednesday night he was arrested on the charge of being drunk and disorderly. He was afterwards released, but left police headquarters indignant and vowing vengeance against the police, and particularly Gerald.

Gerald's friends went to him yesterday morning and told him Cottrell was looking for him, and cautioned him not to go on the streets as they feared a meeting between the two. Gerald remained in his office, and some time during the morning received a challenge from Cottrell to fight a duel. The chief paid no attention to the challenge, but remained at the office until Cottrell, accompanied by a friend, rode up to police headquarters at 11 o'clock, when the shooting occurred.

The crowd soon gathered around his form as it lay in front of the police office. His feet and body lay upon the sidewalk, while his head and shoulders lay upon the platform of the city scales. The first shot passed through his body and the second through the face, either of which would have proved fatal. He was still gasping when the crowd began gathering. His right hand pocket was turned half outside, indicating that he had his hand in his pocket when he approached the chief of police. A gold-headed cane lay by his side. He gasped for probably ten or fifteen minutes after he was shot.

Chief Gerald, soon after the shooting, entered his office, and passing out of the rear door, got in a buggy and was driven to the sheriff's office, where he gave himself up.

A coroner's jury of inquest was empaneled to investigate the killing, and gave a verdict in accordance with the above facts.

Cottrell was probably one of the most widely known men in the country. He created a sensation about a year ago at Cedar Keys, Fla., by terrorizing Federal cotton house officials and the citizens of that place.

He fled from there to Lowndes county in this state, where he had many relatives and friends. He was one of the best families in Alabama, and when sober was regarded as an excellent citizen, but when under the influence of drink was reckless and desperate. He was married eight months ago to a daughter of Congressman Henderson, of North Carolina.

Capt. A. Gerald, his slayer, is one of the best known men in this city, where he has been chief of police of Montgomery for the past ten or twelve years.

STANLEY ARRIVES.

He is Cordially Welcomed to America by Many of His Friends.

New York, Nov. 7.—The White Star steamship Teutonic, having on board Henry M. Stanley, with his wife and mother-in-law, his wife's cousin, Hamilton Aide, and Lieut. Jephson, arrived in quarantine at 11:45 Wednesday night, after an exceedingly rough passage of over seven days' duration.

Soon after sunrise yesterday morning a party of personal friends of Mr. Stanley, headed by Col. Finley Anderson, boarded the Teutonic at quarantine to welcome the great explorer. Mr. Stanley stood on the hurricane deck with his wife, to whom he afterward presented each member of the party. The meeting was very cordial, and when Mr. Stanley grasped the hand of his friend, Col. Anderson, said:

"Mr. Stanley, we are glad to greet you once again. As it was my duty, as The Herald representative in London at the time, to give you your first commission to enter Africa, so it is now my privilege and pleasure in the name of all your friends, in this country and on this continent, to welcome you back for the third time from the shades of death in the dark continent, crowned with the laurels of your own achievements, as the greatest of hero travelers and the most illustrious of living men.

Mr. Stanley's face beamed with evident satisfaction as he replied: "Col. Anderson, I thank you from my heart for your kind welcome to my home. This is a far different day from the one, twenty-three years ago, when I sailed away from the harbor of New York to report to you in London. I am delighted to return, as you say for the third time, if only for a visit, to a land and people to whose influence and hospitality I am so deeply indebted.

"Although I have been absent so long, I am a citizen of the United States, you know, and I am glad to feel that this is my country. But I must go and come whenever and wherever duty calls me, and here I am again back from the gloom of a country that was much unknown to one that is the light of the world."

Would-Be Assassin.

LONDON, Nov. 7.—A sensational shooting affray occurred at Oxford yesterday. A lady, whose name has not been learned, fired two shots from a revolver at James Frank Bright, D. D., master of the university college, the second bullet penetrating his side and inflicting a serious wound. The would-be assassin escaped.

BASE BALL MEETING.

Leaders of the Players' League Preparing for Next Season.

PHILADELPHIA, Nov. 7.—In the parlors of the Continental hotel yesterday afternoon a meeting of the leaders of the Players' League of base ball men was held for the purpose of adopting some plan by which the organization may be continued on a profitable basis. At the outset it was claimed that the three associations cannot thrive or hope for success. Money has been lost almost everywhere, and in many instances it happened that dates conflicted, so that with three clubs playing at a time, neither had enough spectators to pay expenses.

The chief idea of the present congress is to do away with the three-club plan, and have only two clubs for each city, with one for Brooklyn, because of its proximity to New York. To do this it is necessary for the Players' League people to consolidate with the others, and so keep intact two organizations. The backers or capitalists have talked the matter over, and although they have not agreed upon any definite plan of action, it is certain they will oppose the arrangement that prevailed last summer. In this situation the members of the Players' League naturally want to know what chance they have of "getting into the swim," or of organizing on their own behalf. It is understood that Capt. John M. Ward, of the Brooklyn Players' League club, would take his men to another city or unite with New York. But Brooklyn would not be needed, as with Buffalo there are eight clubs in the League. So this meeting is to see what can be done in the matter.

Really reduced to a plain proposition it is whether the Players' League is to live or die, or whether the National League shall swallow it up.

The present movement was arranged by Messrs. Prince and Hart, of the Boston Players' League club, and the Wagner brothers, of the Philadelphia Players' League club, together with other members of the Brotherhood.

The plan most favored is the adoption of a resolution calling upon leading men, both players and capitalists, or backers, of New York and other cities, to guarantee the formation of a syndicate for the purchase or signing of players of the New York League club, and if the Brooklyn backers should consider this favorably, to form a consolidation.

Among those present at the convocation were Capt. John M. Ward, of New York; the Wagner Brothers, of the Philadelphia club; Charles Hart, Ira B. Kirkland, John Prince and Arthur Irwin, of the Boston club; Henry B. Ren and Ed. Hanlon, of the Pittsburgh club; Mr. Sharsig, manager of the Athletic club, and Charles Mason, one of the former managers; Editor Francis Richter, of The Sporting Life, and Mr. Francis Brunell, who started the movement and is secretary. The New York-Brooklyn clubs are represented by proxies. The meeting was held with closed doors. The conference adjourned at 4 o'clock in the afternoon, and, although no resolution was passed, it was agreed that a Players' League shall be organized for next year. The plan will be perfected at a meeting to be held next Tuesday at Pittsburgh.

Collision of Passenger Trains.

TRENTON, N. J., Nov. 7.—Engineer William Lewis and Fireman George Bane, of the New York through express, had their arms and legs broken and were otherwise injured in a collision of two passenger trains on the Pennsylvania this morning. The passengers of both trains were badly shaken up but not injured. The cause was a freight train which broke in two and while the local passenger was assisting in the repairs, the express dashed into it.

Accident at a Bonfire.

GREENFIELD, Mass., Nov. 7.—While the celebration in honor of the election of Russell as governor was in progress at Miller's Falls, last night, a spark from a bonfire landed in a bowl of powder, near which were men engaged in loading a cannon. The powder exploded, fatally burning Harry Robinson, of Windsor, Vt., and seriously injuring John A. Griffin and Andrew Kirbie, of Miller's Falls.
